

eternity never was lost

Eternity never was lost

Sixty minutes into the trip

Flight turbulence

Body pressure, face-tightening visuals

Anxiety ... survival?

And through

Open space

Barriers dissolve

Eternity never was lost

It was hidden by clouds

Now ... nothing to do

Nowhere to go

Nobody to become

Eternity never was lost

Here we are

Here is everything

And even the five doorways

Love, wonder, gratitude

Beauty and pain

Even these resting places

Open out to everything if we can but see

Gate, gate, paragate,

Parasamgate, bodhi svaha

Voyager & journey

No longer separate

Eternity never was lost
